

# Cabernet F1

**Cabernet is a medium to large Intermediate red onion for storage, fresh market or export.**

With a vigorous plant habit and tight neck, Cabernet produces bulbs of outstanding holding ability and high quality. Plant this variety first in slot for early harvest and high yields. Excellent internal ring color development combined with single centers and partial resistance to foliar diseases make this variety a standard for organic onion production.

- Outstanding bulb shape, color and quality
- High percentage of single centers
- Good handling and storage characteristics
- Bulbs are uniform with an intense red external color
