**TOMATO DELIGHT!**
The perfect mix of old-world goodness with a twist of modern world traits!

**Named for the perfect mix** of heirloom old-world goodness with a twist of modern world traits. Explore the myriad of reasons to enjoy the craft and quality of the Mixologist Collection.

This gorgeous series reliably delivers high marketable yields and impressive post-harvest traits. A showstopper that displays beautifully in gorgeous color combos and full-bodied shapes. Perfect for wholesale and local markets, professional and home chefs alike.

The flavors across this collection are as decadent as the libations they are named after; sweet, bright and tangy and complemented by tomato-perfect texture.

From their roots in Italy where Vitalis first bred these varieties, and on to your table, we are proud to bring this innovative collection forward. Your customers and consumers everywhere will be happy you’re growing with us.

**ORGANIC**
Selected to perform under organic conditions

**RESISTANT**
Great disease package
High resistance to leaf mold

**HIGHLY MARKETABLE**
Competitive quality
Firm fruit withstand handling
Size uniformity

**GROWER FRIENDLY**
High yielding
Adaptable varieties

**GORGEOUS DISPLAYS**
Shelf and consumer-friendly
A mix of striking color combos
Full-bodied shapes

**WONDERFUL FLAVORS**
Sweet, tangy, and bright
Tomato-perfect texture

**TOMATO DELIGHT!**

The perfect mix of old-world goodness with a twist of modern world traits!

---

**CubaLibre F1**

CubaLibre is a deep round purple tomato that combines excellent productivity and quality. Fruits average 6-10 oz. (170-283 g) and pair well with MaiTai for an attractive display. CubaLibre is sweet tasting with smooth texture and crack-resistant exterior. Plant vigor is excellent with both leaf mold and powdery mildew resistances for very strong performance in high tunnel systems.

**GinFiz F1**

GinFiz combines the flavor, texture and color of Striped German with the disease resistance and productivity of modern hybrids. Fruits average 10-14 oz. (283-397 g), exhibit minimal cracking and are delicious. GinFiz has excellent early fruit yields and incorporates leaf mold resistance for improved high tunnel production. GinFiz is a generative plant and benefits from grafting and single leader production.

*Resistances:* HR: ToMV:0-2/ToANV/Ff:A-E/Va:0/Vd:0/For.

---

**Enroza F1**

Lovely dark pink Enroza is the newest addition to our Mixologist Collection, showcasing delicious and juicy flavor, delightfully smooth interior texture and excellent overall eating quality. The taste-test winner two years running at Red Fire Farm Tomato Festival in Granby, MA, of the many varieties trialed each year, Enroza most often ends up on our dinner plates. Enroza’s consistently small, round to flat-round high-yielding fruits average 6-7 oz. (170-200 g) that are strong against cracking and blossom end rot. The nicely balanced plant provides for early and extended harvest. Enroza has an excellent disease resistance package and is well-suited for high tunnels and greenhouses; yet is also productive in open field conditions.

*Resistances:* HR: ToMV:0-2/ToANV/Ff:A-E/Va:0/Vd:0/Fol:0,1/For. | IR: Ss.

---

**MaiTai F1**

MaiTai is an attractive round yellow tomato with a delicate red blush at the blossom end. During trials, the sweet, tangy flavor and perfectly balanced texture of this superior eating quality tomato won us over. The eating quality of this variety won us over in our trials, with a sweet tangy flavor and melt-in-your-mouth texture. Fruits average 6-10 oz. (170-283 g). MaiTai has good vigor and productivity, with leaf mold resistance for improved high tunnel production.

*Resistances:* HR: ToMV:0-2/ToANV/Ff:A-E/Va:0/Vd:0/For:0,1/For. | IR: Ss.

---

**Marsalato F1**

This unique Marmande tomato originates from our specialty breeding program in Italy and yields a high volume of 6.7 oz. (190 g) red fruits with deeply ribbed shoulders, a shiny exterior and small blossom end scar. With a balanced, generative growth habit and leaf mold resistance, Marsalato is well-suited for protected culture systems, but is also adaptable to the open field, especially in more moderate climates. We suggest harvesting fruit with slightly green shoulders for a crisp texture and a tangy flavor.

*Resistances:* HR: ToMV:0-2/ToANV/Ff:A-E/Va:0/Vd:0/Fol:0,1/For.
